ELYNDRA STUDIOS LTD - COMPANY OVERVIEW

🏢 COMPANY AT A GLANCE

Elyndra Studios LTD is an innovative early-stage technology company developing next-generation solutions that bridge education, digital safety, and youth empowerment. Founded in March 2025 and headquartered in London, United Kingdom, we are pioneering safe online learning environments and privacy-first verification technologies.

🎯 MISSION & VISION

Mission: To create safe, educational digital experiences that empower young minds while protecting their privacy and ensuring parental oversight.

Vision: A digital world where children can safely learn, create, and grow through technology, with complete transparency and security for families.

🚀 FLAGSHIP PRODUCTS

Sparky Ventures
Online Marketplace & Learning Platform

- What: An Etsy-like marketplace designed specifically for children to learn real business skills
- Key Features: Complete parental oversight, educational modules, safe payment systems, mentorship programs
- Target: Children aged 8-16 with entrepreneurial interests
- Status: Pre-launch development

RebelVerify
Zero-Knowledge Age Verification Network

- What: Decentralized age verification system that protects user privacy
- Key Features: Zero-knowledge proofs, GDPR compliance, seamless integration, no data storage
- Target: Websites, platforms, and services requiring age verification

- Status: Technical development phase

🏭 INDUSTRY FOCUS

Primary: Educational Technology (EdTech) Secondary: Privacy Technology & Digital Safety Market Segments: Youth entrepreneurship education, online safety compliance, age verification services

---

💡 COMPETITIVE ADVANTAGES

- Privacy-First Approach: Zero-knowledge technology ensures user data protection
